## PARIS COMMERCIAL CLUB NOTES

The Board of Directors of the Paris Commercial Club met Tuesday evening in the offices of the Peoples-Deposit Bank with directors Mitchell, Price, Collier, Rudolph Davis, Thomas, Withers Davis, Dailey and Santen present.

A letter was written to the Honorable Mayor E. B. January, requesting that a proclamation be issued to the merchants of Paris suggesting that all places of business be closed on Thursday afternoon, April 27th, from 2:30 p. m. to 5:00 p. m. in order that our local team of the Blue Grass League may be given the support of a good attendance on their opening game.

The subject of a hotel for Paris was again discussed at some length. There is a need for hotel here, recognized by everyone as urgent, but the recommendation of bankers and conservative business men is that the present time for launching a \$200,000 stock selling project is not auspicious. The Commercial Club has not permanently laid on the shelf the idea of a hotel for Paris nor has the Board of Directors deserted the intention of fostering such a project. When the consensus of opinion of sound business men is that Paris and Bourbon county is in financial condition, and unmistakable signs of prosperity point to that fact, then the Commercial Club hopes to organize and develop a successful campaign for a creditable and profitable hotel in Paris.

It was decided to give a dinner on May 11, at 6:30 p. m. Roxie Davis was appointed chairman of the Committee on Entertainment with permission to keep the plans for this dinner a secret. We may expect something in the way of a very pleasant surprise, judging from the excellent programmes furnished in the past by this committee.

The Board of Directors instructed the Secretary to express their appreciation to the Bourbon County Garden Club of the proposed plan to plant flowers and shrubs along the highways leading into Paris. It is understood that the plan was suggested too late in the season to carry out this year, but it is hoped that the Garden Club will undertake this plan of civic improvement.

It was suggested that the Committee on the Full-time Health Department of Bourbon county and the Health and Welfare League meet together and discuss this plan.

There is not a single portion of the body that is not benefited by the helpful action of Tanlac. Roche's Drug Store. (adv)

## DEATHS

### Life Is But A Brief Span, A Debt That All Must Pay

#### NORTON.

Mrs. Lida Norton, aged eighty-two, widow of the late Wm. Norton, died at the home of Mrs. T. C. Collier, in Carlisle, following a long illness. Mrs. Norton was one of the best-known women in Carlisle. She is survived by one son, Harvey Norton, one brother, Dr. H. Clay Burroughs, and two sisters, Mrs. Mollie Dalzell and Miss Nannie Burroughs, all of Millersburg.

She was an aunt of Robt. Spencer, of Paris, who attended the funeral. The funeral was held at 2:30 o'clock Monday afternoon, with services conducted by Revs. Bela Metcalfe and R. E. Elmore, pastor of the Christian church, of which she had been a member for forty-seven years. The burial followed in the Carlisle Cemetery.

#### JORDAN

Graves Jordan, aged about forty-five, died at his home in Lexington, Tuesday, after a long illness from Bright's disease. Mr. Jordan was one of the best-known conductors on the Paris-Lexington interurban line, and had a host of friends in Paris and along the line of the interurban. He had been with the company for over twenty years.

Mr. Jordan is survived by his widow, formerly Miss Maude Johnson, of Lexington, one daughter, Dorothy, eight years old, and an infant son, born just one hour before his father's death.

The funeral was held Wednesday afternoon at three o'clock, at the Broadway Christian church, with services conducted by Rev. Mark Collis. The interment followed on the family lot in the Lexington Cemetery. The pall-bearers were J. A. Gray, Don Doyle, C. H. Farris, Jos. Burgeois, Henry Bush and Earl Cotterill.

#### GRIFFIN

Following a lingering illness covering a period of several years, Mrs. Mollie Doty Griffin, aged seventy-four, wife of Robert G. Griffin, died Tuesday morning at her home on Williams street.

Mrs. Griffin was the daughter of the late Benjamin and Mary Payne Doty, of Millersburg, and was married to Mr. Griffin in March, 1865. Two children died in infancy. In 1867 she united with the Methodist church, and until a few years ago, when her health failed, she was an active worker in the church.

Besides her husband she is survived by two sisters, Mrs. Susan Taylor, of Lexington, and Mrs. Ella Edwards, of Akron, Ohio, and one brother, George Doty, of Lexington.

The funeral was held at two o'clock yesterday afternoon, with service conducted at the grave in the Paris Cemetery by Rev. F. B. Jones. The pall-bearers were John Doty, James Doty, Arch Bedford, Chas. W. Fothergill, Dr. S. P. Mohney and E. B. January.

### "TRADE AT HOME," EH.

In reading exchanges from a number of nearby Kentucky towns, we noted the names of many Paris and Bourbon county people as being among shoppers in those places. Of course, every free American citizen has the right to shop where he or she pleases, but, we wonder what's the use of the Commercial Club slogan, "Trade At Home." What takes these shoppers to other places? Is it because of better prices, better goods—or just what? We pause for an answer.

## FARM BUREAU TO RECEIVE MARKET REPORTS

## BOURBON FISH CLUB GIVES "FISH FRY"

The name "fish fry" doesn't cover everything in the way of good things that were served at the annual event of the Bourbon Game and Fish Club, held on the Xalapa Farm, near Paris, Wednesday. At least, that's the verdict of some three hundred people who were present and partook of the delightful and bountiful stores of good things provided for the inner man at this "Fish fry."

Hundreds of big fish, barbecued mutton, roast pig, beef, ham and other kinds of sandwiches, and other good things too numerous to mention were served the hungry guests, who more than did justice to them. The dinner was served on the banks of the lake on the Simms estate, and was all that the appetite could desire.

After the guests had fully satisfied their hunger, and the dinner was over, Mr. Ayelette Buckner, president of the Club, introduced as the first speaker, Judge Denis Dunton, of Paris who lauded the local organization for what it was accomplishing and aiming to accomplish in the future in the way of game and fish conservation and protection, and recommending its extension into a State organization. Judge James B. Denny, of Lexington, who was one of the speakers at the event given at the same place last season, was introduced, and paid a fine tribute to the Bourbon county fishermen, sportsmen and to the sporting spirit that had made Bourbon county famous for many years. He urged support of legislation that would tend to protect the fish in the streams of the State. Judge Denny was followed by Representative John E. Brown, of Shelbyville, a member of the last Legislature, who told of the earnest desire to promote and encourage legislation tending toward the preservation and conservation of fish and game.

At the close of the program, the officials who had served so faithfully during the past year were re-elected, as follows: President, Ayelette Buckner; vice-president, Charles Spears; secretary and treasurer, Jas. D. McClintock. The Bourbon Fish and Game Club is rapidly becoming one of the strongest organizations in the State, and the earnest efforts being made by the members and officials to further the game and fish interest of the country are being taken as a model by similar newly-formed organizations in other counties.

Among those from out of town present were John E. Brown, Judge Charles Marshall, Allen Bond and Commonwealth's Attorney H. B. Kinsolving, of Shelbyville, Jas. Denny, Leonard B. Shouse, Dr. Sam Halley, Samuel B. Walton, H. B. Courtney, Coleman Calloway, Elmer Mullen, Sanford Lyne, and Judge George E. Kinkade, of Lexington, Sam Woolridge, of Versailles, Mr. Marvin, of Scott county, and Louis Woodford, Caswell, and John Bedford, Marion Bedford, Ben Golf, Louis Rye, Harvey Duvall, Steve Vaughn, J. O. Evans, Levi Gough, Jr., of Winchester, Quincy Ward, Cynthiana.

## PETITION PRESENTED PROTESTING LICENSES.

For several days a petition, signed by a large number of members of the Bible schools of the various Paris churches, has been in circulation, requesting the City Council to take action in regard to refusing licenses to certain soft drink stands in Paris, the proprietors of which having been indicted on various charges here and in other places. The petition, which was signed by at least seven hundred persons, and presented to the City Council last night, was worded as follows:

"To the Honorable Mayor and Board of Council of the City of Paris:

"We, members of the Bible classes of the Baptist, Christian, Methodist and Presbyterian churches of Paris, Ky., respectfully protest against you granting licenses to anyone to conduct a restaurant, bone dry or soft drink stand or any other business in our city, who has been indicted or repeatedly fined for breaking laws of our town or in adjoining towns.

"We also respectfully ask you to use the police power of the city to rid our community of bootleggers and illicit stills, and we promise you our moral support."

The petition was turned over to Mayor January, and presented at the meeting of the Council last night. Owing to the fact that THE NEWS goes to press early we did not hear what action was taken.

## BASE BALL

Despite the lowering and grey skies, a large crowd gathered at League Park yesterday afternoon, to witness the struggle for diamond honors between the Paris and Mt. Sterling teams. The event was preceded by a parade from Main street to the ball park, headed by the Y. M. C. A. Boys' Band, followed by the two teams and visitors and others in automobiles. The merchants of the city made the day a half-holiday in honor of the opener, and closed their places of business, giving their employees a chance to see the game, which was called promptly at three o'clock. The grand stand and the bleachers were filled with a cheering, enthusiastic crowd, who gave close attention to every play, and were of the unanimous opinion that Paris had a good team, one that would be heard from at all stages of the League race.

After two hours and a half of play the Paris sluggers copped the game by a score of 6 to 3. McCord and Rocky were on the points for the Paris team, while the hurling and receiving points for the visitors were in charge of Warner, Fugate and Barks.

Since the Covington and Red Sox games here the Paris park has been considerably enlarged and improved. The fences have been moved back a distance of eight feet, and four-foot-high wire has been strung on the top of the right field fence all along the creek to prevent balls from going over the fence. Many other improvements are being planned, and will be carried out as the season advances. Every effort will be made to make the local park one of the most comfortable in the League.

The Paris Pirates, under the leadership of Manager-Captain Arthur B. Hancock, Jr., will play the Lexington Bulldogs, on Hancock Field, Winchester street, to-morrow (Saturday) afternoon, at 2:30 o'clock. Admission, 25 cents; children, 15 cents. The Pirates are making a good record in local baseball circles, having several hard-won victories to their credit, one of them being against the Paris High School team. Capt. Hancock is justly proud of his team, and is confident they will make a good showing in the game against the Lexingtonians to-morrow.

In a game played on the Xalapa Farm during the fish fry Wednesday afternoon between Paris High School teams, the latter was returned victor by a score of 8 to 6. Many who came to attend the fish fry remained over to see the game.

The grounds on Winchester street recently donated to the Church League by Mr. A. B. Hancock are now in fine shape. The grandstand has been completed and other necessary improvements planned are well under way. The members of the teams have already been testing out the grounds, and have been putting in strenuous hours of practice, despite the weather.

## COMMUNITY SERVICE MUSIC MEMORY CONTEST, APRIL 28, 1922

"To a Wild Rose"—MacDowell. Edward Alexander MacDowell (1861-1908), American. Studied in France and Germany, but not unduly influenced by foreign schools, for he retained his originality. Founded musical colony at Petersborough, N. H. He was a poet, nature-worshiper, and wrote into his music dream pictures of beauty, heroic legends, verse and fairy lore. MacDowell became professor of Music at Columbia University.

"Barcarolle"—From Tales of Hoffman—Offenbach.

Jasques Offenbach (1819-1880). German by birth, but was chiefly identified with French School. First performance of Tales of Hoffman was four months after the death of the composer. Scene of Second Act in which Barcarolle is sung, is laid in Venice at Carnival time. Barcarolle means "boat song" and the rhythm suggests swaying of a boat.

"From the Land of the Sky-Blue Water"—Cadman.

Charles Wakefield Cadman (1881) American. Acquired an education in Pittsburg and now lives in Los Angeles. He is busy with compositions and lecture recitals. His interest in Indian music dates from 1906. He has spent much time with the Indians collecting tribal melodies—upon which his music is founded. He has recently composed an Indian opera.

"Minuet in G"—Beethoven.

Ludwig Van Beethoven (1770-1827) German. Beethoven brought to perfection on the sonata and symphonic forms. He covered the entire sphere of music, writing piano, chamber music, concerto, overtures, symphonies, masses, oratorios, songs and one opera.

## NEWS JOB ROOMS COMPLETES DIRECTORY JOB

The Maysville Home Telephone directory has just been completed and delivered from THE NEWS job rooms. As usual, with all classes of work from this establishment, the book is a fine specimen of typographical and mechanical excellence, fully warranting the confidence of the Home people in the ability of THE NEWS job rooms to turn out really first-class work. The job was completed and delivered on contract time.

THE NEWS has also received the contract for printing and furnishing the directory for the Paris Home Telephone Co., which will also be completed and delivered on contract time. THE NEWS has for many years printed the directories for the Paris, Maysville, Cynthiana, Carlisle, Owenton and Lawrenceburg exchanges of the Central Home Telephone & Telegraph Company, with satisfaction attained in each case, both to the Telephone Company and the job rooms. It shows we are prepared to handle big jobs with as much care and attention as little ones. Our equipment is complete, and with an excellent force in the mechanical department we can discount the claims of those who would say, "We can do that job for you, better than anyone else."

## EDITORIAL FLINGS

We'd love to sit beside a bank  
And heed the fishes call  
With our dull mind a perfect blank,  
And stall, and stall, and stall.

England is glutton with cotton cloth that it cannot sell; Austria is unclothed because it cannot buy. While Russia is starving, American graineries bulge with surplus corn. The world is full of goods that it cannot exchange, and there are so many ships on the sea that hardly any of them can get a profitable cargo.

We have been kidding ourself right along here in the belief that janitoring a column like this is not working, and the next thing we know we'll be on peacework-trying to square things with the boss, the landlady, the restaurant man, etc. etc. Don't you know, the most unappreciated work in the world is writing? Take the works of Shakespeare—they are not near so widely read as those of Morvich, who is the favorite in the winter books.

Work, and the boss smiles on you;  
Loaf, and you get the can;  
If you try to shirk your daily work  
He'll get another man.

Women are peculiar. We have in mind a certain Paris young woman who was awfully hurt last Easter because her steady company gave her flowers instead of candy. This Easter he gave her candy instead of flowers and she cried all day because all the other girls had flowers to wear to church. And there you are! And ain't it just like 'em, the dear creatures?

Here's an addition to the club list. Last issue we told of an exclusive club conducted by women in Paris. Now we are told of a club composed of grouches—all men, of course. No one is permitted to look pleasant or smile. One new member was expelled recently because he actually smiled when a fellow crossing main street stumbled and fell. It's a real good club, at that—"so they say."

Isn't it strange what a difference there is between a man and a clock? A clock works because there is a spring in it, yet a very little spring will generally make a man want to quit working. A woman gets all the best of the work question, though, for, as Jaura Lean Jibbey says in her immortal song, "Extract of Beef,"

"Man works from sun to sun,  
But woman's work is never done."

Well, of course—when you find a woman's work well done it is very rare.

Do you imagine that people don't know what you are? Do you think they don't size you up every day, and either honor you, or despise you, trust you or suspect you, look up to you, or look down upon you? Why, everybody, from the poorest and humblest person you know, to the banker from whom you try to get credit, estimates what you are worth morally. Your friends do it. Your employer does it. Your employees do it. They know whether you are square or crooked, selfish or generous, weak or strong, kind or

cruel. And the influence of what you are goes with you wherever you go and has its effect on everyone you meet in your daily life.

If many of us look back over the past few years we will probably find we haven't accomplished very much possibly for the reason that we haven't undertaken very much—according to the way our critics view us.

According to legend Fatty Arbuckle was once porter in a saloon before he became a film star. As there are no saloons which court the publicity which would attend their employment of "Fatty," how does Mr. Hays suggest that Mr. Arbuckle earn his bread and limousines?

That Louisville educator who favors letting school children while in the class room do 98 per cent. of the talking, reserving seven per cent. of the vocalization exercises for the teacher, may have a hunch that William Jennings Bryan and Billy Sunday contemplate quitting the chautauqua business and becoming pedogogues.

## THE POINT OF VIEW IN AN ITEM OF NEWS

There are two sides to every question, although some people are never able to admit or even consider but one—until the shoe begins to pinch. In a certain town there was a choice bit of scandal. It would have looked juicy, in print.

But the local editor did not use it. Too many innocent people would have suffered with the guilty. A male gossip stopped the editor on the street and indignantly demanded that he "publish the news, regardless of who it hits."

Shortly thereafter a member of the old gossip's own family became involved in an unsavory mess.

Did the gossip again demand relentless publicity?

He did not. He hustled right into the editorial office with a heartrending plea for complete suppression of the facts, "for the sake of his innocent wife and daughters."

The woods are full of 'em.

Bobbed hair is said to add to the strength. This will strike a bald-headed man as a weak argument.

### UNIFORM SALARIES FOR TEACHERS ARE OPPOSED

Uniform salaries for teachers are not recommended by Superintendent of Public Instruction Geo. Colvin, who believes there should be considerable difference in the salary of the trained and untrained teacher. The trained and untrained teachers' salaries should not be based upon certificates held, because of the confusion as to the exact value of certificates.

Letters have been sent out by Superintendent Colvin to city and county school superintendents offering suggestions for salary schedules.

Superintendent Colvin favors a minimum and a maximum pay for principals, for he is of the opinion that the principal of a two-teacher school is not entitled to as much pay as the principal of a seven-teacher school. The principal of a high school, he said, is entitled to receive more pay than a principal of a small elementary school.

### WOMAN DOTOR SAYS "CRIME TO BE FAT"

"It is a crime to be fat and in two years it will be a disgrace."

That is the law as laid down by Dr. Lulu Hunt Peters, physician, dietician and former chairman of the public health committee of the California Federation of Women's Clubs.

She goes on to say: "It is a crime against love, against health, against efficiency and society."

But Dr. Peters doesn't blame fat persons for their present surplus. "In a year or two, because of the spreading of the knowledge of how to reduce, it will be a disgrace to be fat."

Dr. Peters quotes statistics to show that on the average the American people are eating nearly twice as much as necessary.

Dr. Peters should know whereof she speaks as she has been through the exercise and diet mill herself.

As a result of ridding herself and others of excess weight, she now plans to devote herself exclusively to the popularizing of scientific knowledge for the benefit of public health.

## SIMILARITY OF NAMES CAUSES MISAPPREHENSION

Similarity of names in the details of a recent sensational happening in Paris has caused the friends of a former popular Paris woman much annoyance, in that the names were exactly alike excepting one letter.

Physicians have informed THE NEWS that the woman who figured in the case was formerly Miss Shumate, and had never been a professional nurse, at least, had not been such in a local institution. The similarity of names had led many to think it was a former well-known Paris nurse, who as Miss Merle Shumake was a member of the nursing staff at the Massie Memorial Hospital. Miss Shumake married Dr. E. A. Pacheco, a prominent physician of Virginia, and has since resided in Washington, D. C.

Numerous inquiries made of Paris physicians as to the name of the woman in the case led to one of their number asking this statement to be made in justice to the innocent party.

### STRAYED FROM NORMALCY

Commenting on the case of Ernest Smart, of Paris, who went " loco" on the subject of radio, the Carlisle Mercury says:

"The Paris dandy, who was committed to the asylum, because the 'radio bug' had interfered with his processes of ratiocination, now claims he has been in communication with President Harding and William Jennings Bryan on matters of national importance. No wonder the poor boy has strayed so far away from normalcy."

### MT. STERLING BANK BUYS A NEW HOME

Robert P. Walsh, Paris clothier, sold this week to the Exchange Bank of Mt. Sterling, the building at the corner of Main and Maysville streets, in Mt. ### BOURBON WOMAN'S RELATIVES INJURED IN STORM

Mrs. Ruth Myers, of Paris, received a letter from her cousin, in Brook, Ill., telling of a disastrous storm and flood which swept over that section of the State, taking a large death toll.

Among those killed were Mrs. A. R. Dillon, an aunt of Mrs. Myers, and her daughter. The latter's body was found a mile from her home, where it had been carried by the swollen waters.

The son underwent a harrowing experience. He was at a house a short distance from his home and saw the house being carried away by the flood with his father, mother and sister clinging to the roof, he being powerless to help them. The father, Mr. A. R. Dillon, was badly injured, and may not survive.

### NEWS OF THE COURTS

Mrs. Ruth Utterback, an aged woman of the Little Rock precinct, was brought into the County Court, and given a hearing before Judge George Batterton on a charge of being of unsound mind. Mrs. Utterback had for some time previous been a patient in one of the Lexington hospitals. She was adjudged to be of unsound mind, and ordered sent to the Eastern Kentucky Hospital for the Insane, at Lexington.

I. D. Thompson, Sr., of Paris, who was arrested on a charge of assault with intent to kill, following a recent sensational happening in this city, was given a hearing in the County Court before Judge Batterton. Mr. Thompson entered a plea of not guilty, and waived formal examination. He was held to the Circuit Court in the sum of \$2,500, which he furnished and was released from custody.

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes  
—Most Women Can Have

Says Dr. Edwards, a Well-Known  
Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 15c and 30c.

## SENATOR PITTMAN EXPRESSES REPUBLICAN HYPOCRISY ON TREATY

The hypocrisy of Republican Senators with reference to their respective attitudes on the Treaty of Versailles and the Four Power Treaty was most effectively exposed by Senator Key Pittman, of Nevada, in a discussion of the supplementary Four-Power Treaty.

Senator Pittman, who is one of the keenest debaters in the Senate, in the course of the debate offered the following resolution:

"And that the United States reserves to itself exclusively the right to decide what questions are within its domestic jurisdiction and declares that all domestic and political questions relating wholly or in part to its internal affairs, including immigration, labor, coastwise traffic, the tariff, commerce, the suppression of traffic in women and children, and in opium and other dangerous drugs, and all other domestic questions are solely within the jurisdiction of the United States and are not under this treaty to be submitted in any way for consideration."

An administration organ commenting upon this reservation said that it was so involved that portions of it being heard provoked merriment in the gallery.

The goal the miners aim for seems not to be coal.

## MAYSVILLE WOMAN'S POEM WINS GOLD PRIZE

Miss Eleanor Wood Duncan, of Maysville, has been awarded the prize of \$50 in gold for the poem that will be inscribed on the memorial building in Kentucky's World War dead at the university, it has been announced, at the headquarters in Louisville of the committee directing a drive for \$300,000 for the erection of the structure.

Miss Duncan won from 60 other contestants, the decision being made at a meeting of the judging committee April 7. The judges were Prof. L. L. Dantzler, University of Kentucky; Boyd Martin, University of Louisville; W. B. Jones, Georgetown College; C. E. Freeman, Transylvania College; and B. A. Wise, Centre College.

The poem will be engraved on a tablet on the building. A statewide campaign for funds will be carried on the week of April 23.

The poem is as follows:

"Dear Motherland, Kentucky, here we bring  
The names of these thy sons who nobly died,  
Who for Thy sake and Freedom's put aside  
Young Love, and Lustly Life, and  
Call of Spring,  
And strode down Death's dark ways  
adventuring.

We cannot bring them back, we cannot give  
To thy young eyes the joy of sunrises, nor  
To eager ears that call they harkened for  
The cardinal among the hills of home; they live  
But in our hearts—and these are fugitive.

We shall go down to dust even as they,

So to Thy Heart, Kentucky, bring we now

These deathless names, a coronet for the brow  
Best-loved, and beautiful; and thou shalt pay  
Unending honor till Time's latest day.

And it shall be throughout the coming years  
Young hearts shall proudly read these hero-names  
And feel within their own the sacred flames

"We'll LIVE for what they DIED for  
spite of tears,"  
So faith shall spring once more from blood and tears.

Keep safe these names; thy sons who would not save  
Themselves at price of Liberty and thee;  
The "Old Kentucky Home" shall hallowed be  
Throughout the ages by the blood they gave  
Keep thou them safe, thy Beautiful and Brave."

Poets are born, says a literary critic, who neglects to add that this is the unfortunate part of it.

Stores have some onions at 15 cents apiece, but most of them are running for office.

## DOCTOR ORDERED WOMAN OBEYED

Took Lydia E. Pinkham's Vegetable Compound and  
is Now Well

Chicago, Illinois.—"You surely gave women one good medicine when you put

Lydia E. Pinkham's Vegetable Compound on the market. After I had my baby I was all run down and so nervous it kept me from gaining. My doctor did everything he could to build me up, then he ordered me to take Lydia E. Pinkham's Vegetable Compound with his medicine and I am now a new woman. I have had three children and they are all Lydia E. Pinkham babies. I have recommended your medicine to several friends and they speak highly of it. You are certainly doing good work in this world."—Mrs. ADRIATH TOMSHECK, 10557 Wabash Ave., Chicago, Illinois.

There is nothing very strange about the doctor directing Mrs. Tomscheck to take Lydia E. Pinkham's Vegetable Compound. There are many physicians who do recommend it and highly appreciate its value.

Women who are nervous, run down, and suffering from women's ailments should give this well-known root and herb medicine a trial. Mrs. Tomscheck's experience should guide you towards health.

## STATEWIDE WAR MEMORIAL DRIVE INAUGURATED

State-wide observance of memorial week for the Kentucky soldiers, sailors and marines who died in the World War was marked by a mass meeting of citizens at the municipal auditorium in Louisville, preliminary to a one week campaign to raise \$300,000 for a soldier memorial hall to be erected on the campus of the University of Kentucky, at Lexington.

The idea of a memorial was first suggested by the late Edward W. Hines, prominent Louisville attorney, who died shortly after the close of the war while still chairman of the Kentucky Council of National Defense. Mrs. John D. Wakefield, chairman of the meeting, noting a group of War Mothers in the audience bearing a faded war flag, halted the proceedings while they draped the battle emblem about the speakers' stand.

Speakers expressed belief that the soul of Kentucky were yet alive and conscious of the tribute being paid them.

## HOUSEHOLD CARES

Tax the Women of Paris the Same as

Hard to attend to household duties  
With a constantly aching back.  
A woman should not have a bad back—

And she seldom would if the kidneys were well.

Doan's Kidney Pills are endorsed by thousands. Ask your neighbor. Have been used in kidney trouble over 50 years.

Read what this Paris woman says:

Mrs. J. R. Moore, 133 E. Eighth street, says: "I was in bad shape with my kidneys a year ago. My back nearly killed me with pain. There was a steady, dull ache just over my kidneys and I was weak and miserable. I often had to let my housework go undone and I would get so dizzy that black specks came before my eyes. My feet and ankles swelled, too. I doctored for a time, but got no relief so finally began to use Doan's Kidney Pills. My health was greatly improved in a short time and two boxes cured me. It is a pleasure for me to recommend Doan's Kidney Pills."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moore had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

THE BOURBON NEWS,

Do You Know the "Gulduld"?  
The "gulduld" is sometimes described as a barking bird. This term is applied in tropical America to any small bird that gives a quickly repeated cry, particularly to those which seek their insect food on the "floor" of the forest.

## ASKS THAT ARBUCKLE FILMS BE BANNED

Will H. Hays, director of the National Association of Picture Producers and Distributors, was called upon to prevent exhibition of motion pictures featuring Roscoe (Fatty) Arbuckle by the Lord's Day Alliance of New York in a letter made public recently.

Calling Arbuckle's acquittal on a charge of manslaughter and the jury's statement in his behalf a "whitewash," the letter addressed to Mr. Hays said:

"We respectfully urge upon you that you use your authority to intervene and prevent the outrage to the moral sensibilities of the citizens of this country threatened in the proposal again to exhibit any Arbuckle films."

## FORTY YEARS IN THE NEWSPEER BUSINESS

(Courier-Journal)  
When one picks up a handsome pamphlet bearing the title, "A Humiliating Confession," he is puzzled by that title; for the pamphlet tells the story of Urey Woodson's Messenger, published and edited by him at Owensboro for forty years. Newspaper men knew there is nothing humiliating in that story, and only a search reveals what humiliation Mr. Woodson can confess.

"It is a humiliating confession," he says, "that, after more than forty years' endeavor to produce one of the best small dailies in the country, we have sadly fallen behind in caring for our own interests; we have failed to establish advertising rates for the Messenger that are fair to a newspaper of its circulation and merit."

If Urey Woodson has failed in that then that must be his one failure. For he has certainly succeeded in producing "one of the best small dailies in the country." He has succeeded in making it a power in its territory. He has succeeded in making it so prosperous that it is housed in a modern newspaper plant and enables its proprietor to divert some of his versatile talents to other lines of activity, both in business and politics. And his success in these various fields has been such as to extend his reputation for success, as journalist and politician, far beyond the limits of his own State.

### Must Be Done by an Expert.

Jud Tunkins says the public likes to be humbugged by a man as clever as P. T. Barnum was, but it's a nuisance to have the trick tried by bungling amateurs.

Some men do not know whether they are going to have a garden because their wives have not yet decided.

### Mr. Barnes Has Right Idea.

"The man who brags about himself," said Mr. Stormington Barnes, "usually proves to be an excellent advance agent for a very bad star."

## MORE MONEY NOT THE NEED

Many persons, some of them posing as teachers of economics of a certain kind, advocated an increase in the circulating medium as the solution of the trade difficulties of the times. Others hold that such increase would be futile, if not dangerous, and they point to Europe as an example of inflated currency.

It seems strange that any person who has followed the experience of most European countries since the war will still adhere to the idea that money is something that requires only a government stamp to make it valuable. Germany, Russia, Poland and some other countries of Europe know that this can not be done.

There is enough money in the United States to finance all the manufacturing and business enterprises for which there is a legitimate demand in the production of goods. This demand can not be created by the issue of large quantities of currency, but by the inclination to buy.

It is methods, not money, which the various interests of the United States need. There must be more economical distribution of manufactured and agricultural products, and there must be adjustments in other lines that will make conditions more normal. When that is done, there will be money for all genuine needs of the nation, but if more is needed the government need not resort to fiat issues of currency.

### Long Day Coming.

The friction set up on the earth by the tidal drag is acting as a brake, causing the earth to turn more slowly, thereby increasing the day's length by one two-hundredth of a second in a century. The effect being eventually a day of 1,400 hours.

### The Real Test.

## WIDE INTEREST IN NEW BURLEY PLAN

Tobacco growers from all over the United States are interested in the success of the Burley Tobacco Growers' Co-operative Association, according to inquiries received from every tobacco growing State in the Union and to the number of personal investigations being made by tobacco men from the various States.

L. C. Foster, of Madison, Wis., Deputy Commissioner of the Bureau of Markets, is in Lexington to study the plan of the burley association. Mr. Foster is one of the leaders in a movement in Wisconsin to organize the tobacco growers along the lines of the Kentucky association and has come here, as he expresses it, "to get some 'thunder' for the membership campaign" which he plans to start within a few weeks.

Mr. Foster said Wisconsin grows, annually, about 60,000,000 pounds of cigar type tobacco. He said the 1920 crop sold at an average of 40 cents a pound. The 1921 crop sold last winter for less than 7 cents a pound. As a consequence, he said, the Wisconsin growers are facing conditions similar to those that existed in Kentucky one year ago, and the growers realize they must organize for self-protection.

Mr. Foster, who has been in conference with officials of the association, said he was greatly impressed by the wonderful progress the organization has made in so short a time, and he assured these men that, within a few months, Wisconsin would join hands with Kentucky, Ohio, Indiana, Virginia, the Carolinas and other States that have adopted the co-operative plan of marketing tobacco.

Hugh West, of Hopkinsville, Ky., also visited the association's offices. Mr. West who is from the dark tobacco district, and one of the prime movers in the organization work there, reports that the prospects for a co-operative in Western Kentucky and Tennessee are very encouraging.

Plans are being formulated for beginning within a few weeks another intensive campaign for members. Every county already organized will be canvassed, but special effort will be made to sign up the small percentage of burley growers still outside.

Mr. Stone predicts that in the near future the Burley Association will have control of practically the entire burley tobacco production.

The field service division reported the receipt, during the week, of 115 contracts, representing about 300,000 pounds. Of these thirty were received from Bracken county, thirteen from Rockcastle and ten Boone, Kentucky, and nineteen from Indiana.

## GENOA PROMISES MUCH

The prompt manner in which differences of opinion between the various delegates to the Genoa conference have been brought to the front, disclosing the extent of the chasms which must be bridged if comity and understanding is to be restored among the nations of Europe, is a good omen. This in itself is a step forward and paves the way for a frank exchange of views.

In view of some recent history, the French government hardly can be blamed for being unwilling to run the risk of losing the fruits of the treaty of Versailles until some other means of putting the prostrate nations on their feet have been considered. One of the great hopes for the success of the meeting lies in the British premier's leadership. No other statesman of the present is so well fitted for the difficult task he faces.

American public sentiment approves the admission of the Germans to the conference. whatever its opinion of the propriety of admitting the Bolsheviks as representatives of the Russian people. The objection of the French and Belgians to the inclusion of their former foes in the membership of the principal committee is easily understood, but it is gratifying that they listened to the British premier's counsel and changed their attitude.

## PUBLIC OPTION

"There may have been a time when some public utilities turned their backs of public opinion but that time has certainly passed" said the operator of a large public utility following the meeting of the American Electric Railway Association at Indianapolis last month.

At this meeting, one of the foremost men in the public utility business, Samuel Insull, President of the Commonwealth Edison Company of Chicago, made a speech on the subject of "Public Relations—the most important asset for a utility." Mr. Insull very aptly hit the nail on the head when he said:

"Our trouble lies mainly in the fact that for a great many years we lacked understanding of the economics of our business ourselves and that at this time a knowledge of the true economics is confined to a few of the people engaged in those businesses. What we need worse than anything else is to sell our business to our own officials and employees and then sell it to the public."

London is reported to be prepared to pay the interest on its war debt to the United States.

## Mr. Jenkins Took a Cracked Club To Tame Lions

The exhibition ended rather badly. It very nearly was a big day for the lions and a sad day for Mr. Jenkins—all for want of proper care in getting ready.

Many a man who has business to do and a living to make and a job to fill is as careless how he feeds his body as Mr. Jenkins was in picking out a club.

Some foods are too heavy, some are too starchy, many lack necessary elements and so starve the body—and many load the system down with fermentation and auto-intoxication.

Grape-Nuts helps build health and strength. It contains the full richness of wheat and malted barley, including the vital mineral elements, without which the body cannot be fully sustained. Grape-

Nuts digests quickly and wholesomely. Served with cream or good milk, it is a complete food—crisp and delicious.

Grape-Nuts is just the food for those who care to meet life's situations well prepared in health. Order Grape-Nuts from your grocer today. Try it with cream or milk for breakfast or lunch, or made into a delightful pudding for dinner.

If you have any suggestions to offer, we will gladly receive them. If we can be of service to you in any way officially or otherwise, let us know it. Let us make Postal Improvement Week the best in point of service by both officials and patrons.

The High School pupils will give a picnic Saturday, May 13, in honor of the Senior Class.

The pupils of the Seventh and Eighth grades, under the direction of Miss Jessie Christ, turned out as negro minstrels at Wednesday's Chapel exercises, where they furnished the program for the occasion. The program consisted of old Southern melodies and plantation songs sung in real plantation style, jokes, flashes of wit and humor, which was much enjoyed by all present. Dr. H. C. Burroughs in response to the accustomed invitation to speak given the visitors by Supt. J. W. Lancaster, told how the singing of "Swing Low, Sweet Chariot" brought back happy childhood days when the old "Black Mammy" crooned this favorite. Dr. C. C. Fisher and Mrs. C. M. Best voiced their appreciation of the program and the fact that the effort was being made to perpetuate these old

folk and patriotic songs by teaching them to the school children of today. The visitors present were: Messlames Ed. Hill, Elizabeth Reynolds, James Burroughs, C. M.
